Pastry Chef Jill Donaldson got her start baking at a young age with her Grandmother Lilly, baking the best memories by her side! After over a dozen years of working in James Beard Award-winning establishments & training in pastry arts at L'Academie de Cuisine, Jill developed food intolerances that made baking trickier. Her solution: To bring her passion for simple baking with allergen-free ingredients into the homes of others with LillyBean by PastryBase, the most inclusive baking brand around!
